Program details:

Join us Zebra Robotics Coquitlam an exciting, hands-on robotics workshop where kids will design, build, and bring their own creations to life! In this fun-filled session, participants will work in teams to build simple robots or games, test their ideas, and take on exciting challenges like races and obstacle courses. Along the way, they'll explore the basics of coding, problem-solving, and creative thinking—all in an engaging, high-energy environment. Whether your child is new to robotics or already curious about technology, this session is designed to spark imagination, build confidence, and most importantly—have fun. Caregiver must attend with child/children.

Location: ParkLane Room
