Welcome to our new website!

Categories:

Library news

We’ve got some exciting news for all our lovely library patrons. We just launched our new library website! While many things remain very similar to our previous website, there are some exciting changes and new features coming to you.

Design refresh

Our library website has undergone a design refresh! The new website makes it easier for you to locate essential information including how to get a library card, our program event calendar, physical & digital collections, our most popular digital resources, current opening hours and more. Searches are also now automatically separated between the website and catalogue, making it simpler to search in the right place.

New program calendar

Our new program and events calendar has multiple viewing options. Programs can now be seen in a list making them much easier to view on mobile devices. The calendar view is also available for those who prefer and are familiar with that option on our previous website. Our filtering system has also been improved to help you locate the programs you're looking for as quickly as possible.

Need help navigating the new site?

There are plenty of other features new to the library website. If you have any questions or require assistance, please contact us online, send us an email at askthelibrary@portmoody.ca, or give us a phone call at 604-469-4577. We hope you enjoy the new library website experience!
