eReaders

The Port Moody Public Library offers Kobo eReaders for loan. These eReaders can be used to download and read Library eBooks.

If you are going on a holiday and would like to carry fewer books, or if you simply want to try out reading eBooks, this is the service for you. Kobo eReaders are lightweight and the text size is adjustable, so it is easy to read comfortably.

You can choose to borrow and download Library eBooks on your own, or to have eBooks selected and pre-loaded for you by our librarians based on your reading preferences.
