# Suggest a purchase

*Indicates required field

Port Moody Public Library welcomes purchase suggestions for titles that are of wide interest to our community. Search our catalogue first to see if the item is something we already own. If you are looking for print books published more than 16 months ago, you can also request an Interlibrary Loan.

We are not able to take suggestions for the following types of items:

- textbooks
- specialized and academic materials
- books in languages other than English or French
- movies that don't have DVD release dates yet

If we decide to purchase the item, we will place a hold on it for you and let you know when the item arrives.
